The French Dual Language Fund, launched by the Cultural Service of the French Embassy in the United States, and the FACE Foundation, supports French dual language and immersion programs across the country.

THE NEXT STOPOVER OF TARA WILL BE BOSTON

The crew is inviting students and teachers aboard to share Tara's discoveries

From 09h00 to 12h00

Friday, September 28th
Tuesday, October 2nd
Wednesday, October 3rd
Thursday, October 4th

The visit will last 45 minutes

Tara, a mythical schooner, designed and built in 1989 on the initiative of the French explorer Jean-Louis Etienne, is a research vessel designed for polar conditions and able to withstand the pressure of pack ice on its hull. For 507 days in 2006 to 2008, Tara remained intentionally locked in the ice in order to research climate change in the Arctic. Tara has also voyaged across all the oceans of the world to study plankton, coral reefs, and plastic pollution.

During these expeditions Tara stops in many countries. The next stopover will be Boston, MA. The crew invites students and their teachers aboard to share

Tara's discoveries and adventures. Young people can visit the entire boat with a sailor, scientist or mediator.

If you wish to learn about life on board, the work of scientists, history of the ship, navigation, and the ecological problems of the oceans, please register at the following link https://goo.gl/forms/1RS0vLvtqHZzqQ452 or send an email to edit.dibra@diplomatie.gouv.al
